*Marvelous Minis!*  
Rocky and Spud

## Healing Reins of Kentucky MOBILE EXPERIENCE

### IS A MOBILE VISIT FOR YOU?

Mobile mini visits are about 1.5 hours long. Our one of a kind trailer brings to you... 2 miniature horses with a PATH Certified Instructor and trained volunteer to provide interactive and engaging activities for participants. The horses can be brought inside or outside. We bring everything needed to create a fun, educational, and safe experience. Schedule your visit for one time or on a regular basis. Certain groups may qualify for funding through grants!

### MINI MOMENTS

While interacting with the minis you can expect engaged conversations, motivation to be active, creativity, problem solving, and equine educational presentations. Smiles, laughter, and memories made are just an added benefit! Small group participants will take part in hands on and/or engaging activities to develop important life skills. No matter your age or ability, miniature horses are for everyone!

## WE BRING THE HORSES TO YOU WITH OUR EXPERIENTIAL HORSE TRAILER!

Our Mini Visits are unique experiences adaptable for all ages and are a great option for those that cannot travel to a Healing Reins Campus. Whether the horses go to a pre-school to spread the love of reading, teach life skills to high-schoolers or visit senior living facilities to create lasting moments, it will be an experience to remember! Our minis love to visit...

# WHAT WE OFFER

## We *love* Miniature Horses!

Because of their size, train-ability and docile temperament, "Minis" make wonderful therapy horses and aid in education. Help us build your experience from these options:

### Equine Experience

- One-on-one with miniature horses
- Small group experiences
- Low-key, relaxing atmosphere

### Community Events

- For family-centered or non-profit events
- Full trailer experience with miniature horses
- play, touch, learn!

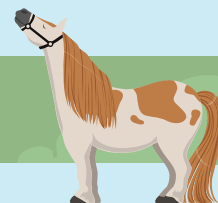

### Education Inspired

- Miniature horse visit designed for pre-school through 6th.
- short programs incorporate reading, vocab, sensory and equine education.

### Equine Assisted Learning Programs

- "Reading with Rocky" Literacy Program for first graders.
- Developed by Education professionals and facilitated by our certified instructors.

## FAQ

### Can we pet the horses?

Petting is always at the discretion of the on-site CTRLI instructor. To limit the stress on our miniature horses, we reserve petting sessions for small groups. This policy respects their personal space and preserves the emotional characteristics that are unique to our miniature horses.

### Can the horses come inside?

Our miniature horses are trained to endure human environments. We provide special non-slip "shoes" for them to wear so that they do not slip or scratch the flooring. We will bring large mats for them to stand on and materials to clean up any horsie "accidents".

### Scholarships for Nonprofits

Your nonprofit group may qualify for a discounted or free visit, please contact us for more details on how you can apply!
